## Grizzly 90

### Armor Grey

\$3,299 MSRP\* \$325 Destination Charge\*

## TOP FEATURES

### 1. Confidence-Inspiring 90cc Engine

The Grizzly 90 is built to bring maximum fun for young ATV riders ages 10 and up. The low-maintenance 90cc engine is tuned to deliver excellent low- to mid-range performance, while the fully automatic CVT transmission with reverse, gated shifter and electric start with back-up kickstart all come standard.

### 2. Reduced Maintenance Design

Durable, proven components keep servicing simple and affordable thanks to features like the toolless quick-access air filter element.

### 3. Scaled Down, Not Scaled Back

The Grizzly 90 takes cues from its top-performing full-size Grizzly siblings, but is designed specifically for younger riders just getting into the sport. The result is accessible, confidence-inspiring performance with Grizzly family style.

### 4. Comfortable Chassis

The ergonomics are designed to fit a wide range of riders 10 and up, while the Grizzly 90's tire and suspension package provide sure-footed traction and a comfortable ride in a wide variety of terrain.

# Grizzly 90

## FEATURES & BENEFITS

### CAPABILITY

#### Robust 90cc Engine

The Grizzly 90's four-stroke SOHC 90cc engine is tuned to develop excellent low- to mid-range performance. The engine utilizes proven wet-sump lubrication and is air-cooled for simplicity, performance and long service life.

#### Adventure-Ready Chassis

Compact A-arm front suspension is tuned for light steering and comfortable ride quality, offering 5 inches of travel. A swingarm set-up in the rear provides 5.7 inches of wheel travel, adding to the Grizzly 90's full-size look and feel.

#### Secure Stopping Power

For reliable stopping power, three sealed drum brakes bring the Grizzly 90 to a quick halt. There's a handlebar-mounted parking brake too.

#### Integrated Cargo Racks

Robust steal cargo racks front and rear give younger riders the ability to pack their own gear as they join the family on their next adventure.

#### Renowned Grizzly Traction

Just like its off-road-proven big brothers, the Grizzly 90 features aggressive tires to maximize traction on any trail. The oversized 19-inch front tires and complementing 18-inch rear tires lend the compact machine an purposeful stance.

### COMFORT

#### Comfortable Accommodations

The Grizzly 90 is designed to be comfortable for a wide variety of riders 10 and up. With its large, plush seat and wide floorboards, riders won't outgrow the machine as they build their off-road riding skills.

#### Big Mud-Deflecting Fenders

The Grizzly 90 boasts full-coverage fenders just like its Grizzly siblings, enhancing style and protecting the rider from mud and trail debris.

### CONFIDENCE

#### Automatic Transmission

Fully automatic, continuously variable transmission (CVT) means no shifting. Handy for all riders, it's a feature entry-level riders particularly appreciate. Standard reverse simplifies maneuvering the Grizzly 90 in tight spots.

#### Engine Limiter

To help young beginners grow into accomplished ATV riders, the Grizzly 90 includes both an electronic limiter and throttle limiter to tailor the engine's performance to the rider's advancing skill level.

#### Electric Starter

Push-button electric starting comes standard. For additional peace of mind, an emergency kick starter is also provided in a storage spot under the seat.

#### Compact and Durable Drivetrain

Engine power is transferred to the rear wheels via a tried-and-true O-ring chain drive, running along a swingarm that's set at an optimized angle for superior rear shock performance.

#### Modern, Reliable Electronics

The CDI system means reliable ignition performance, and a sealed maintenance free battery provides worry-free operation. Handlebar-mounted reserve and neutral indicators keep the rider informed in all situations.

#### Low Maintenance Design

Servicing is easy thanks to features like the toolless quick-access air filter element.
